Provincial COVID-19 Plan

Under the B.C. Restart Plan, the B.C. government is taking a careful, phased approach to day to day life. With a recent uptake in numbers for various circumstances, getting vaccinated is important. I know with sudden changes, has different view points. I encourage those of you to make the most meaningful choice for yourselves and others. I myself have begun feeling fatigued by it and that's why with as much complete understanding, I encourage knowing what we are up against. I wish anyone reading this to be well, safe and inspired by your hardwork and dedication to everyday. I am optimistic and thankful for all you do.

2021 Election

This year has been quite a ride. We've experienced ups and downs and shown the highest resiliency. With an upcoming election, I admit, the timing is probably not ideal. With different challenges from mother nature, it can feel exhausting to want to vote. With a full scope of different issues, concerns and positive takeaways, I promise voting will make a difference. My mum always teaches that things that are meant to be, will be. This is why whether you are a voter or undecided given the swift change, what we want most will come. Be sure to research, ask questions and use your voice for the better. I want to thank all of you working tirelessly making each day mean that much more.
